MOTIFS: Crises in every character's story. Girls Only

- Samantha Bradley

There are some events, thoughts, and feelings that are in every character's story. As the plot unfolds we continue to answer the big question of..."Who Am I?" Then, the conflict arises and we think, "Wait...is that who I WANT to be?!" We look at the other characters in our epic and they all seem to have something we don't. We want what THEY have! Through personal testimony and a careful reading of our script, this seminar will explore what we, as female characters all have to face...ourselves...just as God made us."

"The Miracle of Dust and Dry Bones"

- *Dr. Robert S. Miller*

Have you ever felt uninspired and weary? Have you ever looked around and felt like every other person on God's green earth seems to have a more interesting life than you? One more question. . . have you ever opened the Bible and wondered what any of those amazing stories have to do with you?

God wants to change all of that. God's story is never boring—and His story includes *you*. Come listen to what God can do with dust and dry bones. . . and the adventure He has for you! Maybe something will happen.

in·spi·ra·tion *noun* \,in(t)-spə-'rā-shən, 1*a*: a divine influence or action on a person believed to qualify him or her to receive and communicate sacred revelation *b*: the action or power of moving the intellect or emotions 2 : the act of drawing in; *specifically*: the drawing of air into the lungs

Dr. Miller currently serves as pastor of Cornerstone Christian Fellowship (the church he helped to establish in 1989) in West Chester, Pennsylvania. He is president of the Identity School for Christian Ministry, and is passionate about seeing the next generation succeed in ministry. He loves hiking, reading, studying greek words, and ministering to others. He's traveled to Thailand to empower missionaries, led worship at festivals nationwide, and spent the last 20 years pastoring the same congregation...so he's got some great stories to tell. (He also happens to be Christie and Dana's dad.)

Scars. Leaders Only

- *Rev. Dr. Stephen Gallaher*

Webster defines them as "the mark left on the skin after a surface injury or wound has healed." Not all scars are visible, but all scars silently speak to a story of pain and suffering. We follow One who is known by the scars (Rev. 5:6) His scars speak of suffering, sacrifice, love, forgiveness, healing and redemption. What do your scars represent? What have you learned? What do you celebrate? What will you pass on?

Rev. Dr. Stephen Gallaher serves as associate professor of Christian Ministry/Youth Ministry at Messiah College. As an ordained pastor, Stephen was appointed to ministry beyond the local church and founded Salt 'n Light Youth Ministry, Inc., where he continues to serve as Executive Director.
