Welcome

Thank you so much for coming to join us for the 21st annual Impact Festival at Greene Hills. We have been planning this since last year's event and are so ready to have you and your group see what we have been working on and praying over. We are hoping that this update will help you feel a little more prepared for the week ahead of you and your group. If you have any questions, please feel free to contact me directly and I would be happy to help you however I can.

Camping

If you have any special requests about your campsite location, please let us know on your group information form (attached to this packet). Since we have been receiving more and more requests for larger campsites, camp site location and size will be determined directly by the amount of tickets purchased by your group. Please plan accordingly so that you will be able to fit everything in your camp site. Firewood is available on a donation basis in tent city. Finally, Generators are allowed in Tent City, however they must be silent from 12am- 7am each night.

Security

In order to better keep everyone safe in the event of an emergency, we are requiring all groups staying in tent city to submit attendee rosters for both students and leaders at registration. In addition, all groups must have clearances for their leaders on file at the church. Group leaders have to check and confirm that these are in hand and up to date for everyone they are bringing on the grounds.
