## ABOUT THE COMMUNITY

It's been a joy to serve alongside organizations in York, PA! The city and county have their struggles, i.e. the ongoing opioid epidemic, alcohol abuse, and violent crimes, all of which have a cyclical correlation with poverty and homelessness. Sadly, these struggles make the headlines more often than the unlimited positive events, programs, and actions that are taking place! Organizations, businesses, and individuals are working diligently to bring out the good in York, and it shows! A stroll downtown, a visit to a park, or time spent with one of the many mission organizations show that God is at work in this city. He has not forgotten or abandoned York, and we get to see and be a part of what God is doing!

- **Adult leader to student ratio:** Having 1 leader for every 7 students ensures each crew has adequate leadership and transportation as we serve throughout the city. Each crew will also have a Salt 'n Light team member to help lead the group.
- **Lodging:** We will be staying at Pathway Community Church, 1731 W Philadelphia St, York, PA 17404. Showers will be taken in the afternoons following the work day at the Graham Aquatic Center.
- **Transportation:** Groups are responsible for their own transportation and gas expenses to and from the mission. In addition, we depend on leaders to help drive crews to and from worksites, as well as to and from any activities away from the church throughout the week. Each group must have enough vehicles available for use throughout the week to transport the number of students attending from your group. Having multiple vehicles instead of one large bus/van is encouraged.
- **Church Support:** If your congregation is interested in ways to partner with your mission group, first give them opportunities to support your students financially! Many groups do this through fundraisers or support letters. If they'd like to partner further, we greatly appreciate any meals donated or funds collected to help cover our meals. One dinner for the entire mission group costs between \$300-\$400, and any meals or finances donated for meals gives us the opportunity to extend our mission projects in the community. donated for meals gives us the opportunity to extend our mission projects in the community.
